Don't be tricked or fooled by the union telling you that if you do not vote, that is the same as voting "No."
It is NOT.

If you don't want the union to represent you, and become a third-party between us, then you should vote
– and you should **vote NO**.

You **DO NOT** need to register to vote.

There is **NO** absentee ballot.

There is **NO** online voting.

To vote, you **MUST**
participate **IN PERSON**.

THE UNION ELECTION IS BY SECRET BALLOT

**If you are eligible to vote in the election, you
have the right to vote "No":**

- Even if you signed a union authorization card
- Even if you told a union organizer that you would vote for the union
- Even if you never attended a union meeting or an organizer never even spoke with you
- Even if you attended union meetings
- Even if you did not sign a union authorization card
